- ▶ We preferably offer you the central places that we describe as downtown and uptown.
- ▶ If the mother and father-to-be want to arrange it themselves; They can look at locations for [airbnb.com](https://www.airbnb.com), [kijiji.ca](https://www.kijiji.ca), and corporate rentals.

The important factors for us and mothers are;

1. Being in a central location.
2. Easy access to public transportation vehicles, which we call TTC (metro, bus and to streetcars)
3. Considering its proximity to markets and shopping centres, so that expectant mothers can easily meet their special needs.
